FASS'77 presents

a voyage into the absurd!

NOTICE

You may not smoke in the theatre or the gallery because the fire marshal does not want to be held responsible if you get lung cancer. You may not eat or drink refreshments in the theatre or gallery because the management does not want to contribute to anyone's obesity. You may not use cameras because the elephants say so and who's going to argue with an elephant! Violators will be dressed up as peanuts and thrown to the elephants. Thank you for your consideration.

The FASS Company reluctantly presents for your amusement and money its fifteenth annual travesty

The FASS Company

For all you people who have wondered what FASS stands for, you need not wonder any more. FASS stands for Faculty, Administration, Staff and Students the four sections of the university who every year, despite valiant tries by some individuals, put on a (comedy?!) show depicting university life. FASS is an ongoing concern throughout the year. Its primary concern is not to bring these four sections together for the show only but to bring them together throughout the year. It gives individuals a chance to meet other people on this campus.

FASS is an independent organization originally sponsored by the Circle K. Surplus income in the past has helped to provide equipment for the Theatre of the Arts.

The executive committee of FASS '77 is as follows:

President	. Heather Nyland
Vice-President	. Tom Hocaliuk
Secretary	. Marlene Kent
Business Manager	
Director	. Tom Hocaliuk
Producer	. Bob Gerardi
Faculty Representative	. Phil Eastman
Administration Representative	. William Pearson
Staff Representative	. Alex Kordics
